

GOODWOOD HOUSE WEDDINGS

The defining moment of true love and happiness, the first glimpse from a long sweeping drive set in immaculate parkland of ancient cedars.

Goodwood's great Regency house has been a wonderfully intimate and romantic setting for family celebrations for over 300 years.

Every season in this glorious part of Sussex brings with it breathtaking dawns, peaceful sunsets and dramatic skylscapes; from the wash of green in Spring to the reds and golds of Autumn and the frost blanketing the park in Winter. You'll sense, while you are here, a tangible tranquillity amid the vistas of parkland that make this magical part of England your own.

SOMETHING OLD

On the morning of your wedding, your preparations and planning are ready to be exquisitely executed. From your vision of the meticulously restored State Apartments, to the butlers preparing your banqueting table – polishing cutlery and crystal, with tableware carefully placed. Our chefs creating your wedding banquet from organic Estate reared Goodwood Home Farm produce and ingredients from the finest producers.

SOMETHING NEW

Imagine the remarkable, the essence of Goodwood – a sense of fun and daring do. Perhaps a vintage aircraft in front of the House or a fairground carousel; dress the beautiful rooms with full size trees that nearly touch the ceiling for a sense of inspired arrival. Be creative with your menus – imagine Revival style vehicles serving relaxed food outside the House whilst guests enjoy glasses of Champagne, stalls of home made sweets and ice cream or for winter, game sourced from the Estate served with rich red wines.

SOMETHING BOR ROW ED

Goodwood House is exclusively yours, share in its beauty and celebrate its remarkable ability to reflect the historic and the contemporary with equal charm. From the great art of Stubbs, Van Dyke, Reynolds and Canaletto that surround you to the outstanding history of sports, Goodwood is the epitome of a true love of life – infectious and tangible and despite the scale and grandeur, always personal, intimate and heartfelt.

SOMETHING BLUE

With the blue skies above and the crystal sea in the distance, this grand setting will create an occasion of unforgettable memories. Nowhere else in the world is it possible to bring all the finest things in life together in such a thrilling, creative and unconventional way. We hope you take Goodwood and its extraordinary beauty to your hearts.
