## A LITTLE ABOUT US

We are a wedding planning and décor service provider that provides specialist services in organising and coordinating weddings along with venue styling, décor hire, banqueting hire and much more, we are set in the idyllic countryside of Norfolk.

Set in the heart of North Norfolk, we cover the entire East of England with the occasion of nationwide events. We take a lot of pride in the work we do and provide to our clients individually and can make sure the work we do is of high standard.

You can count on us to organise and style your event with insight of True Love and constant Laughter.

## ON THE DAY COORDINATION

Are you worrying that you are going to be the one stocking up people's glasses and clearing up the tables to make way for the dancefloor? We can provide you the peace of mind knowing that someone is there to do that for you, so you can sit back, relax and enjoy your new husband's loving speech. We will liaise with all the vendors and your venue to make sure they are aware of timings and layout, but also be there from start to finish keeping your wedding running to order. We will make sure the venue has everything on hand to pack everything away so you can have a total stress free day.

We can offer all times of On The Day Coordination from as little as 5 hours to as long as 12 hours so we are there until all important activities are done.

You can tailor your own On The Day Coordination
