## ABOUT

The Court Tithe Barn was built in the 13th Century

Following the dissolution of the monasteries in 1540, the estate was granted to the Guise family by Henry VIII. It remained in their ownership until the 19th Century and is now home to the Wiltshire family.

Having once been a 2000 acre estate, the land has now shrunk to 500 acres and was once a working farm with dairy and milk rounds that supplied the village up until the late 1980's.

The property and gardens have been lovingly restored over the last 20 years. More recently the barn has been welcoming wedding guests for as a truly unique venue.
