THE BOUTIQUE HOTEL

*For your special day*

# Welcome to your wedding at The Mandolay...

A wedding day is more than just an event. From the early morning excitement and maybe even some butterflies, to family and friends gathering excitedly, here to surround you with love and best wishes.

But of course, we know that the day itself is the culmination of days, months, even years of planning and preparation... and that is why your wedding day is *much more than just an event*.

*Welcome to The Mandolay, we never lose sight of the simple fact that this is your day!*

Matthew Milliken MIH, Managing Director

Whatever the size and scale of your day, our service never alters.

Should you wish to do us the privilege of hosting your ceremony here at The Mandolay we will work with you to make sure that there is not a single missed step.

Our wedding spaces are licensed for ceremonies of up to 500 guests and we can offer indoor or outdoor options.

*As with everything, it is your day to enjoy, celebrate and share.*

## The gazebo lawn

Unique in Guildford and offering the final word in 'blank canvas' potential, our Gazebo is set amidst manicured lawns and gently shaded by mature trees. The area is a natural sun trap, delivering the quintessential English wedding in the heart of town.

# Bubbles and Bites

Bubbles and Bites is our celebration of the partnership of formal and informal, chilled Prosecco or Pimm's No. 1 Cup paired with a selection of chef's hand-made canapés... your very own garden party.

## *A photograph for all the ages*

Even more historic than The Mandolay, the 11<sup>th</sup> century Guildford Castle remains a wonderfully picturesque part of 'Secret Guildford', with gardens offering a secluded and stunningly colourful backdrop for those very special photographs. Just five minutes from the hotel, you might wish to 'divert' the wedding party for a few moments whilst guests enjoy a welcome drink at the hotel.

## Time to Celebrate

The Mandolay Suite – our newest and most striking indoor space is pillar-free and capable of hosting a wedding breakfast for 300 and an evening reception for 500 guests. Quite simply there is no similar venue in Surrey.

Designed with *sensational* in mind, this suite delivers a completely self-contained venue for the ultimate celebration, grand in scale yet retaining an atmosphere that has to be experienced to be fully appreciated.

Your guests will experience the *wow* of a dramatic entrance to the suite, beneath the stunning chandelier and on through the oak and glass double doors, the scale of the room never fails to impress even when empty, but when sumptuously decorated to your personal request... stand back and listen to the gasps of delight.

# *Because the Night was made for Dancing*

The evening reception. A time to relax and for your guests to let their hair down and dance like nobody is watching.

As ever, it is your night and our resident DJ will play your selections from first dance to dance floor fillers; the music that is important to you, perhaps played to evoke memories of special times together or to remember absent friends.

Recap the evening with an elaborate buffet or enjoy toasted rolls at midnight and perhaps even a little nightcap for those who wish.

## *And so, to bed...*

Of course, the best room in the house is all yours.

Our Signature Honeymoon Suite will have been available to you since the day before for all those last minute details and arrangements and you will have enjoyed a full English breakfast ahead of the big day.

On the day itself, you'll have awoken fresh from a great night's sleep having snuggled down under Egyptian cotton, perhaps making use of the corner bath to luxuriate, enveloped in complimentary Aqua di Parma bubbles.

Your guests will be offered a range of room types at preferential rates and you can be assured that they will be attended to in a style that is second to none.
