

DEENE PARK

The Exclusive Wedding Venue

Once in a while, right in the middle of an ordinary life, love gives us a fairy tale.

DEENE PARK

Deene Park has been the home of the Brudenell family since 1514, and is lived in by the current owner Robert Brudenell, his wife Charlotte and their son William. This beautiful home and its equally beautiful gardens are open to the public on selected days during the summer months. From 2017 this exclusive venue will be available to hire for Civil Marriages and Ceremonies.

Set in tranquil parkland with lake views and framed by beautifully planted south facing gardens the house provides a timeless and fairy tale backdrop for your wedding day celebrations and the perfect setting for fantastic photographs.

We are not intending to become a wholesale wedding venue, as a much-loved family home it is our intention to offer an alternative, bespoke location for you to celebrate your special day.

Civil Marriages and Civil Ceremonies in The Regency Ceremony Room

The Regency Dining Room, built during the late-18th century and typical of the period, enjoys views over the south terrace and the formal parterre garden.

A truly intimate setting the venue can comfortably seat up to sixty guests, the room can also accommodate up to three musicians to play music while your guests are seated. (The chiavari chairs are included in the hire; the swags, floral displays and aisle carpet are additional extras).

The Tudor Great Hall and Inner Courtyard

The Great Hall, built in 1572 by Sir Edmund Brudenell, with its impressive stained glass windows and hammer-beam roof, is the ideal venue to enjoy your post-ceremony drinks and canapé reception before departing for the gardens and the all-important photos. The Tudor Great Hall is accessed via the Inner Courtyard and, weather permitting, your guests can also enjoy the ambience of this historic location while sipping their Pimms or pink Champagne.

The Regency Ceremony Room, Tudor Great Hall, Bridal Dressing room and Inner Courtyard are part of the In-House inclusive hire package, only available to couples booking our deluxe package.

The Garden

Following the drinks reception we leave the historic rooms of the house and move into the formal splendour of the enchanting south-facing gardens, famously photographed over the years for Tatler and Country Life magazines the gardens are renowned for their snowdrops in early spring and their vintage roses in high summer. From the geometric lines of the parterre garden with its quirky teapots, to the scented borders filled with vintage roses, peonies and summer flowers; there are so many beautiful locations for that perfect picture.

As you progress west through the gardens, stopping here and there for more photographs, the formal gardens give way to more natural yet still managed areas of wild flowers and sweeping lawns, flanked by avenues of trees which lead down to a secluded lake.

The Marquee

The stone Summer House marks the end of the formal gardens and the start of the natural, meadow gardens; it's here through a rustic gate set into the high red brick of the Walled Garden where you and your guests will continue to celebrate your wedding day in our stylish marquee lined with ivory silks and lit by the glow of chandeliers.

Our comprehensive list of quality suppliers includes caterers, venue dressers, florists, entertainers, photographers and pyrotechnics specialists to name but a few; all chosen for their excellent quality of service and value for money.
