Hello and welcome! I am thrilled that you have taken the time to look at my work, and that you are considering booking me for your wedding. I can't wait to get to know you and learn more about your big day. For now, though, I want to start out by sharing a little about me and what it means to be a Herts Wedding Photography couple. Take a look at this welcome guide, and then once you look it over, let's chat!

# about me

I'm Steve and I've been a wedding photographer for about fifteen years. Rather than a long and boring bio, I wanted to share a few 'fun facts' about me so that you can get to know me a little more.

- I met my wife to be in 2008 at a music concert.
- We tied the knot on September 17 2011.
- We became parents in 2015 and are lucky to be mum and dad to the two most adorable little girls in the world.
- We have two cats who think they're people.
- We love traveling and seeing the world together (destination wedding? We're in!)
- I enjoy spending time playing the keyboard and guitar.
- I feel incredibly fortunate to be able to do the work I do and meet so many amazing couples.
- Our family and friends are everything to us and one of my favourite aspects of my job is being able to meet so many amazing people who often become friends.

# choosing a photographer

Your wedding day is one of the most important days of your life. I believe that you should choose a photographer that you feel a connection with, and whose style of images truly resonates with you.

If you choose to work with me, I promise that not only will you love your images - but you will also have an enjoyable and relaxed experience throughout your entire wedding day.

Over the past 15 years I have been fortunate to have worked with so many amazing couples! When trying to find the perfect photographer for your wedding, there is nothing better than client testimonials describing their experience they had while working with me.

I work tirelessly for my clients to provide a client experience that is second to none. The testimonials found throughout this welcome guide are only short excerpts from a small sampling of my client reviews. To read the entire full reviews from some of my couples, please visit my website.

# HOW I AM *different*

I'm not your everyday run of the mill wedding photographer. Why? Simply because weddings to me are so much more than just taking awesome photos.

I CARE. A LOT. I CARE ABOUT YOU.

I care about giving you an amazingly positive & stress-free experience while working with me.

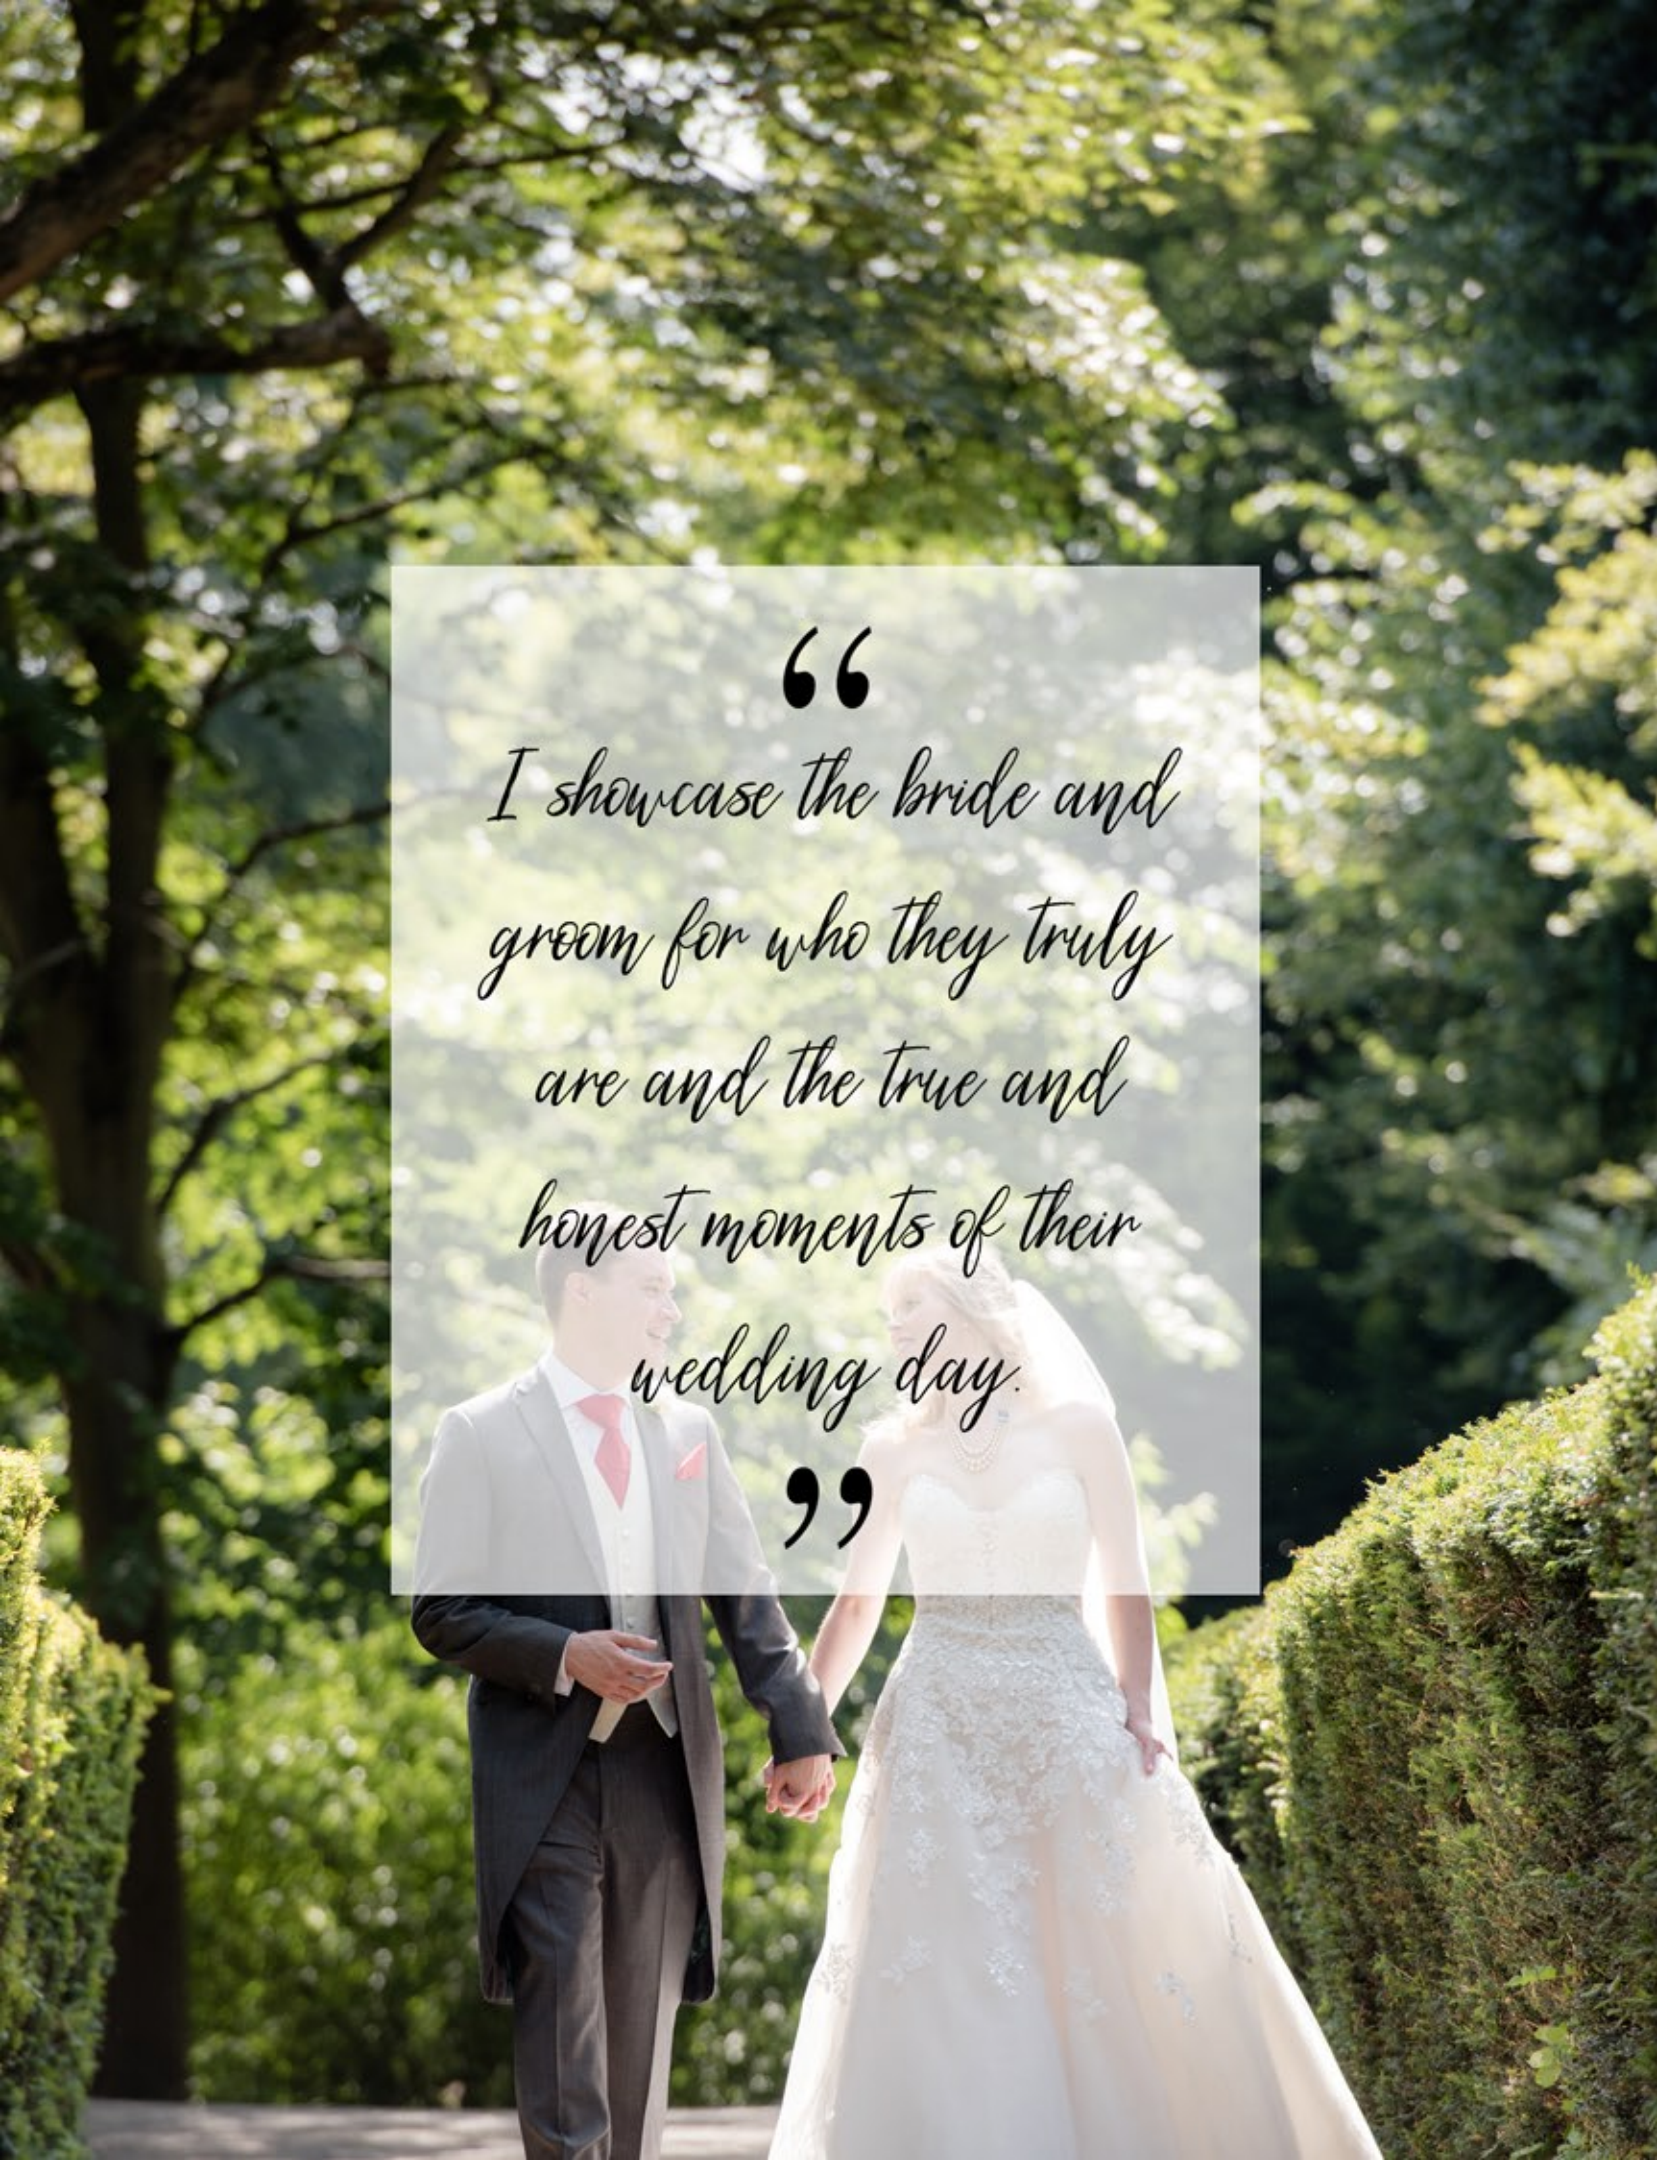

I care about documenting your day in a very authentic, candid & creative manner that will tell your story for decades to come.

Being in business since 2005, I've seen it all. This experience gives me the confidence to know that I will capture your day beautifully for you.

Plus, I am always available at any time for questions or concerns, giving our clients peace of mind that their photographs are my #1 priority.

*I showcase the bride and  
groom for who they truly  
are and the true and  
honest moments of their  
wedding day.*

# my style

---

I am incredibly passionate about wedding photography, and my goal is to capture images that you will treasure for years to come.

Through my dynamic photo storytelling, I showcase the bride and groom for who they truly are, and the true and honest moments of their wedding day. My clients feel the emotion within their photos, whether through laughter or tears, as they recount the variety of special moments captured through the day.

My style can be described as clean, fresh, and timeless. I also capture a combination of both posed portraits and candid, photojournalistic style images throughout your day.

# albums

When you receive all of your wedding photos from me, they will no doubt look amazing online. However, your images are not meant to stay on your computer! Looking through hundreds of images on the computer can get a little overwhelming, and I believe that you should have something tangible to remind you of your important day. I think wedding albums are the perfect piece of art that will become an heirloom that your family will treasure for years to come. That's why I also offer albums so that all of my couples will have their own custom album showcasing the best images from their wedding day.

A man and a woman are standing in a wooded area. The man is on the left, wearing a dark blue t-shirt and jeans, looking down at the woman. The woman is on the right, wearing a red top and jeans, looking towards the camera. The background is a soft-focus forest with trees and a path.

# engagement sessions

You may have noticed that some of my wedding packages include an engagement session. This is because I simply love working with my couples before the big day. Having an engagement session before the wedding will help you get to know me and my relaxed style of posing and shooting. I also love to get to know you two as a couple and interact a little before the excitement of your wedding day. Once you book me as your wedding photographer, I will send you more information about how to prepare for your engagement session with me.

Steve was amazing! We aren't really people who enjoy having our photos taken but we were made to feel so comfortable from the start of the day will the very end! Couldn't have asked for a better photographer for our special day. Steve was happy to get involved and have a laugh at every opportunity with my bridesmaids and happy to help throughout the day.

# consultation

Think I'm the perfect photographer for you, but have a few more questions that you'd like to ask me about? No problem; I would love to meet with you to discuss your wedding! I often schedule consultations with my couples to chat with them about their big day. This is also a great way to connect and see if I'll be a good fit! Whether it's a phone call, Skype video meeting, or meeting in person – I want to talk with you right away, so let's get in touch!
