

Christopher Thomas Photography

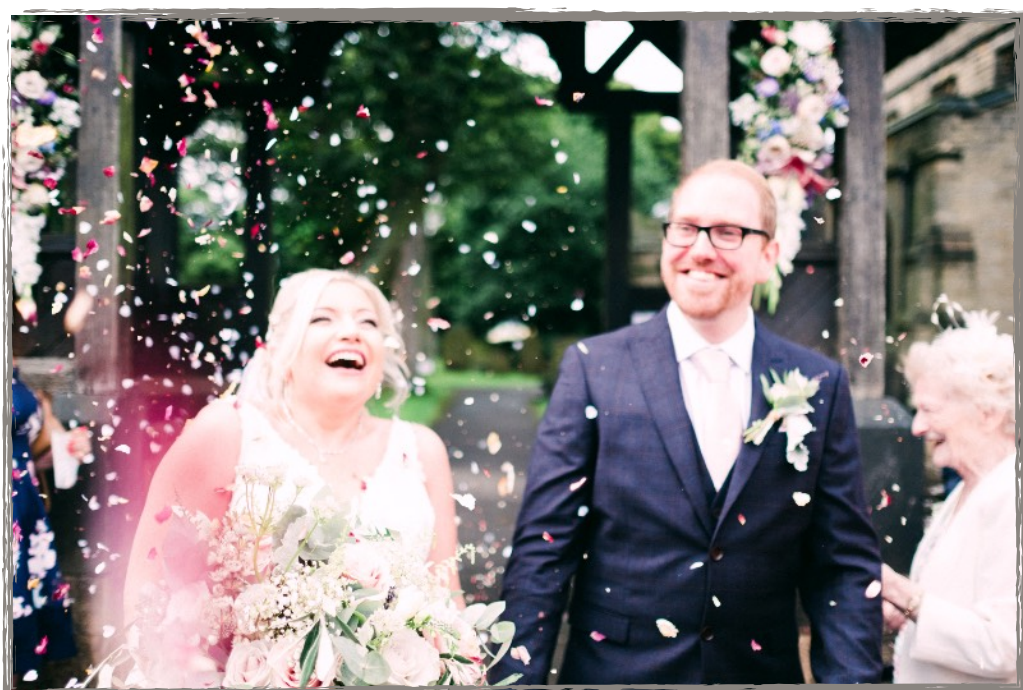

The Experience 2020

Hello!

Thank you so much for taking the time to look at my work. I'm a British wedding photographer with a love for Medium Format film cameras, natural light, and emotional moments. Using an approach that combines documentary with fine art styles, I love capturing timeless, romantic, and emotional images that convey honesty.

I'm based in Yorkshire and travel all around the North of England, 2019 highlights include The Lake District, The Peak District, and County Durham. I can't wait to speak with you soon and start planning your big day with you!
