Evening Entertainment

We can also be hired for the evening and or/ reception only from £300 and have a variety of packages available.

Evening Entertainment Only

From £300 (average price £380-£480)

We are able to match our scale of sound and light to your venue and guest count. We can customise the styles to your preference. The equipment set up determines the price. Whatever you choose, we offer you the same reliability, customer service and care. We charge an hourly rate for additional time.

Evening and Reception

From £470 (average price £500-660)

As above, we can extend the equipment we set up, and add on for additional hours. Services can include;

- Master of Ceremonies option
- Background music for your meal customised to your musical style preference
- PA Hire- so your speeches are clearly heard
- Recording of your speeches so that you can keep those precious memories

DJ Packages

We can personalise your disco to your event, venue and budget with optional extras including an intelliLED dance floor and Selfie Wizard also available. *New* - White speaker cover option!

Testimonials

Dear June,

“ Thank you so much for DJing our wedding at Miskin Manor. The room looked so cool with the lighting and disco ball, and we really appreciated all the extra little touches. The guests loved the glowsticks and my blow-up guitar solo has become legendary! You kept us dancing all night, everyone had such a fantastic time, and I for one found it very hard to leave the dance floor even to make use of the buffet! The card was a nice surprise too, its lovely to have more pictures of our fabulous evening. We would definitely recommend you to others, many thanks again ”

Anne & David Burgess

From meeting June initially to discuss our requirements for our wedding, we knew she was perfect to look after our day. June was absolutely fantastic and not only provided us with a packed dancefloor on our evening do, but also helped to make our ceremony, wedding breakfast & first dance the most memorable, emotional experiences we could have wished for. June listened to our tastes & preferences and did such a great job.

You really did play a part in making our wedding so special. Thank you so much for all you did.

Tom & Alicia

June and Lizzie were fantastic at our wedding party. They provided so much more than just the music. They were the glue that held it all together. June was sensitive to our requests beforehand. The barn dance was brilliant fun, the selfie machine was a great addition. The disco was just as we wished and it's amazing to have the photos as recordings of the speeches as a memento. I'd really recommend June and SG discos.
