About Me

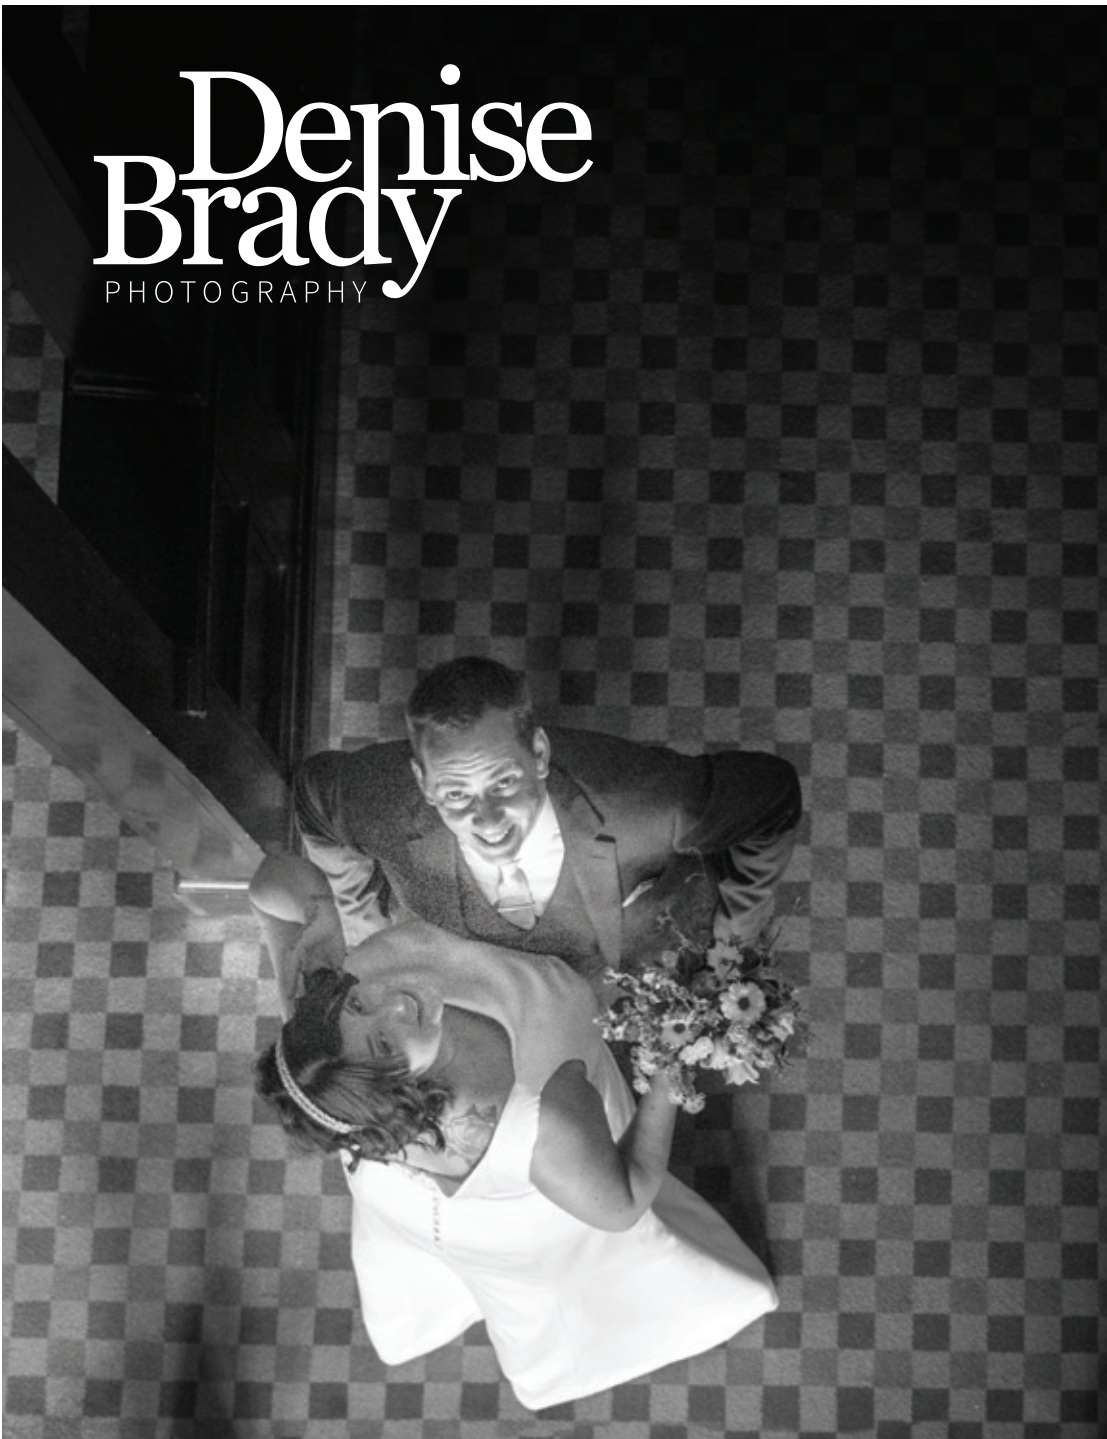

Hi, I'm Denise Brady, a multi-award-winning freelance photographer specialising in Wedding photography. My goal is to capture your big day in a series of stunning, natural images that will bring joy to your heart and a smile to your face for years to come.

I'm based in Lowestoft, Suffolk, and most of the weddings I shoot are in the East Anglia area. However, I am available for weddings all across the UK, just ask me for details.

Award Winning

I feel privileged to have been chosen as Lux Life Magazine Global Wedding Photographer of the year in 2018 and 2019, Luxury Travel Guide Bespoke Wedding Photographer of the year 2019, and to be an International Wedding Awards local rounds winner in 2019. To spend my time doing something I love is amazing, and to receive industry recognition for doing it well is just the icing on the (wedding) cake.

A bride and groom are shown in profile, kissing in a field at sunset. The bride is wearing a white wedding dress with a long train and a veil. The groom is wearing a white shirt, a dark vest, and dark trousers. They are standing in front of a wooden fence. The sun is low on the horizon, creating a warm, golden glow. The sky is filled with soft, white clouds. The overall mood is romantic and serene.

Why I Do What I Do

I've had an interest in, and a knack for photography since a young age, but I was inspired to take it up professionally after I got married. My own wedding photographs were disappointing. Actually, they were worse than that – they were terrible - and I was devastated!

There was no sitting excitedly with my friends and family, laughing, and remembering the wonderful day we'd had. Instead there were lots of tears and frustration, and a wedding album that's been consigned to my attic ever since.

And it was then I vowed that no bride who booked me for their wedding would ever have to go through what I went through!

Several years have passed now, but I kept that promise and I've been shooting weddings for happy couples ever since.

What Your Wedding Day Means To Me

Your wedding day is your day. It's super special – and definitely one of the most amazing and memorable days of your life. Your wedding photographs will be a reminder of that day forever, so they need to be photographs you love, and that you'll be proud to look at with your family and friends long into the future.

That's exactly what I can deliver. When you choose me as your photographer, I always go the extra mile to ensure you're happy and confident going into the big day. I'll work closely with you, often meeting 3 or 4 times before the wedding – including a visit to the venue for a walkaround. This allows us to get a feel for the surroundings, and to look for the best spots to take unique images on the day.

It also means you'll be more relaxed and your images will look more natural!

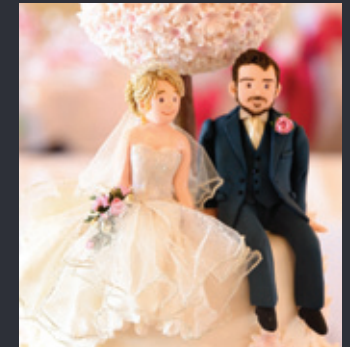

The Wedding Package

My Wedding Package offers much more than just shots of your wedding day. First of all, there's a pre-wedding shoot included in the price.

This is a great opportunity for us to get to know each other, and you'll receive a gallery of images you can download and use to announce your engagement, or to put on 'save the date' cards to send to your future wedding guests.

The pre-wedding shoot is also the perfect time for me to see how you react to the camera. I'll give you tips on how to relax, how to stand, and how to walk to achieve the best possible photographs on the day. You can pick a local venue for the shoot – perhaps somewhere you visited together, or where you had your first date. Or, if you prefer, we could incorporate the 'venue visit' mentioned earlier, and take the shots there.

The Wedding Day

When the big day comes, you can expect me to be with you for 8 hours or so – from the bridal preparations (where I often muck in and help) until after the first dance in the evening.

After the wedding, you'll be able to view your edited images in a secure (password protected) online gallery, and you'll also receive them on a crystal USB stick in a presentation box.

My wedding package costs just £1495, including the pre-wedding shoot, venue visit, any other meet-ups needed before the wedding, and the wedding day shoot.

FAQ'S

In my line of work, I get asked a lot of questions - some more frequently than others. Here are some of the ones I get asked a lot, as you may be thinking along the same lines...

Q. Do you have insurance

A. Yes, absolutely. I have full public liability and professional indemnity insurance as you'd expect from a professional wedding photographer – and I can provide your venue with a copy of this if they need it.

Q. What is your booking fee and when is the balance due.

A. I ask for a £200 booking fee to secure your date which is payable upon signing the contract. The rest is due one month before the day of your wedding

Q. Can we give you a list of "Shots" or show you our Pinterest Board?

A. As an experienced wedding photographer, a detailed list of photographs like "the bouquet" or "the wedding dress" isn't necessary as I will do these anyway. I welcome a few ideas for inspiration, but I actually prefer not to work from a list. Here's why...

1. A list of family groups helps to make sure we don't miss anyone, but these need to be kept to a minimum, maybe 8-10 at most. If there's any more than that people get bored and wander off.

2. My aim is to capture your story and the emotion of your day, and if I have to make sure a large list of shots is completed, I'll most likely miss those unscripted, funny, beautiful moments that happen at weddings.

Q. Can we share our photos on Facebook?

A. Of course. Your wedding photographs will come with a full personal use licence. This means you are free to print, email and share your photographs with friends and family. The only restriction is commercial use - so if you are planning to sell the images to a magazine please ask first.

Q. How long will I be waiting for my photos?

A. I aim to share a couple of images within a few days of your wedding, but in general it will be around 3 weeks for the full set. This time may be longer during peak season but I will keep you informed the whole time.

Q. Do you print the photographs and put them into an album, or put them onto CD/USB?

A. You'll have access to a password protected online gallery, and you'll receive all your edited images on a crystal USB stick in a presentation box but of course we can add a print package for you.

We would 100% recommend Denise to be your wedding photographer. She was a true professional throughout the day. The photos are amazing and we are so pleased with the quality of them. Thank you so very much Denise xx

“Denise was our wedding photographer and we couldn’t have picked a better person! She was not only there taking photos she was helping with little things too. She did more than we could imagine and I would highly recommend Denise to anyone”

Kyle Littlejohn

“Denise took my daughter’s wedding photos last Saturday. She was amazing! Not only was she totally professional and organised, but also very caring when I had a mother of the bride emotional moment. Thank you, Denise”

Jane Horton

"I had my wedding on Saturday and Denise was there the whole way through, and not just as a photographer - she also helped me get ready and calmed everyone down, doing things that aren't included in the contract. I couldn't have asked for a better photographer! Thank you for everything Denise, I'd recommend you to everyone"

Briony Greatbanks

"Denise was an absolute star on our wedding day at the Wherry, very professional, put me at ease, and got plenty of cracking shots, thank you so much. Definitely highly recommended"
