

WEDDING AND EVENT PACKAGES PROVIDED BY RYDAL PHOTOGRAPHY ARE EACH TAILORED TO CAPTURE THE EXCITEMENT OF YOUR OCCASION.

Our bespoke service commences with a friendly discussion about your Big Day, when and where it is happening, the sequence of events, how many of your family & friends are anticipated, and any special aspects and timings you are planning so we fully understand how you wish your day to flow.

On the day, our photographers will attend to capture the moments that will make the memories of your day for years to come, with attention on meeting your expectations.

After your wedding, we supply previews of the captured images either on our secure website or in a press-printed book for you, your families and friends to view and select their cherished memories.

Once you have made your selections for your Wedding Album and the other products that we offer, we process them into proofs for you to review and make any changes, and when you are happy with them we instruct our printers, who take special care and attention, to produce your beautiful Wedding Album along with the other memories selected to remember your special day.
