YURTS

Our yurts are extremely versatile with many different sizes. They are excellent for a whole range of occasions and events. Cosy in the winter with woodburning stoves or nice and airy in the summer with the option of taking down the sides; these are a perfect all year round structure.

To make the most of your scenic views, opt for the clear sides so you can bring the outside in.

Our yurts are sure to make a lasting impression.

“ We were delighted with the yurt. It looked great and we got lots of compliments. We used the wood burning stove on Saturday night and it looked AMAZING (and kept us toasty!). With the lighting inside as well it just made for such a great setting to our evening do.”

“The petal pole marquee looked fantastic, especially in the evening light. It was brilliant working with you, and we’d definitely recommend you to others. Angus and the team were helpful and friendly, to be honest, we can’t think of anything that could’ve improved your service!”
