WEDDING CAKES FOR  
THE ADVENTUROUS

# The Anarchic Garden

A collection of wedding cakes inspired by the discovery of a secret garden hiding a magnificent grand old hall. The once finely manicured garden has long since broken free and become an unruly paradise of blooming flowers and fluttering butterflies.

The collection celebrates the craftsmanship behind the interiors of the hall and the natural beauty and diversity of the magical garden. The story it tells is of unrestrained, passionate, non-conformist artistic freedom.
