## Introduction

What makes Ringwood Hall Hotel & Spa one of the most celebrated wedding venues in the East Midlands?

Perhaps it's the living, breathing heritage of our immaculately presented Grade II-listed manor house and historic gardens.

Maybe it's our 'field to fork' programme which provides only the freshest of ingredients for our wedding breakfasts, vintage afternoon teas and evening receptions.

Or it might be the luxury private couple's suite of our Garden Secret Spa, along with its vitality pool, saunas and steam room.

We like to think it's a blend of all these elements and our eye for detail which have helped create magical Derbyshire weddings for some twenty years.

It's hard to conceive of any other venue in the East Midlands that offers the range of facilities available at Ringwood Hall Hotel & Spa:

- Our 29-acre estate which acts as the perfect backdrop to ceremonies and celebrations from Spring to Winter.
- The charming interior of our 19th-century manor house, boasting a wide choice of reception rooms, banqueting suites, marquee, garden pavilion and private bars.
- Our selection of gardens, all faithfully restored to reflect their Victorian heritage.
- Our award-winning '5-bubble' spa and gym affording the perfect relaxation ahead of or following your special day.

# From this day forward...

Your wedding day is perhaps the most important day of your life together. It's therefore no surprise that couples in our region leave nothing to chance by entrusting their entire day to our professional and caring team.

Hosting your wedding day at one venue - from your wedding ceremony through to evening reception and overnight stay - means you and your loved one can relax from the very beginning of the day, knowing that your ceremony and celebrations are in very safe hands.

Paying full respect to the heritage of our Victorian kitchen gardens, our culinary team work tirelessly to ensure that our menus are always created from our seasonal crops of root vegetables, salad vegetables, berry fruits and herbs. The result? A flavoursome 'field to fork' programme where air miles are replaced simply by footsteps.
