### *Step 1 - Get in touch*

Either send me an email ([contact@arabellafloral.com](mailto:contact@arabellafloral.com)) or fill in my quick enquiry form on my website.

### *Step 2 - Let's have a chat*

Once I have received your enquiry form, I will arrange to have a call with you and you can talk through your vision and ideas for your wedding and flowers.

### *Step 3 - Flower proposal and quote*

Once we've had a chat, I'll start putting together a flower proposal and quote. If any aspects don't sit quite right, just let me know and I can amend them.

### *Step 4 - Book me*

To book me, I ask for a £100 deposit, which secures your date and comes off your total balance. You then don't need to do anything until around 4 weeks before your wedding date, when you need to pay the remaining balance.

### *Step 5 - Your wedding day*

Leading up to your wedding day, I will be touch to make sure everything is on track, check that the quote is still correct – you might need more buttonholes/ bud vases etc – and discuss what will happen on the day and the day after your wedding.

### *Good to know*

I often get asked if the quote includes VAT. It doesn't and I don't add it on. There is, however, a 20% floristry charge which will already be added on to your quote.
