Weddings at HAMBLEDON WINE ESTATE

Weddings are a day that people invariably seek to define as 'their own'- with no one way for everyone to approach them. Some are large and extravagant, others small and intimate- and all are personal to those celebrating.

At Hambledon Wine Estate, we embrace the opportunity to tailor the day to *your* needs. With multiple different venue options- all with customisation available to make it truly yours.

About HAMBLEDON WINE ESTATE

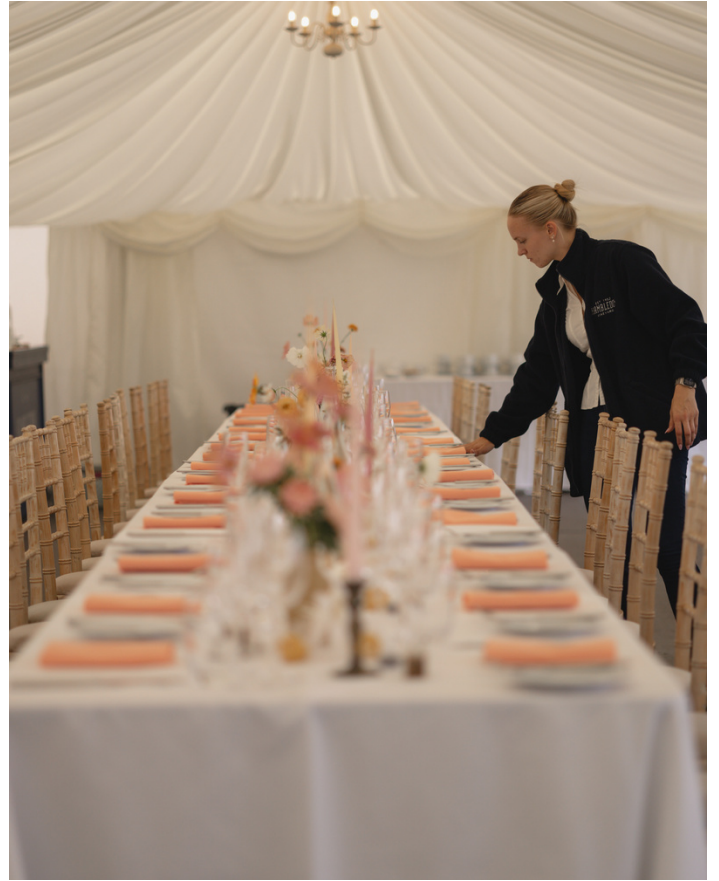

Established in 1952 through the pioneering vision of Sir Guy Salisbury-Jones, Hambledon Wine Estate is the Birthplace of English Wine. Today, we not only craft award-winning English Sparkling Wines, but strive to be a World-Class Hospitality destination- with a MICHELIN Guide Recommended Restaurant, Wine Tours and Experiences, a Cellar Door Shop and multiple astounding locations for large events and weddings.

Set amongst the Hampshire South Downs, with bright chalk soils and rolling, patchwork countryside surrounding us, we welcome guests to disconnect from the everyday in a welcoming and unpretentious atmosphere.

MARQUEE
Weddings

The Marquee is the largest of our three locations, set against the backdrop of our vast Windmill Down East vineyard, with sweeping South Downs views. Set apart from the rest of the estate, it's your own slice of Hambledon for the day.

Weddings at
THE RESTAURANT

The Restaurant is perfect for more intimate weddings, with its light-filled rooms, rustic wooden interiors and a spectacular view of the sunset to the West.

Weddings at
MILL DOWN GARDENS

One of our three beautiful destinations, set in the gardens of the iconic manor house that defines our estate, overlooking our Home Vineyard. A captivating destination for a truly memorable day.

The Entertainment

The Entertainment is yours to shape: whether you're looking for live music, classic lawn games or something a little more 'you'.

We have a range of dining options available for weddings at Hambledon Wine Estate. We're lucky to be home to The Restaurant: recently included in the MICHELIN Guide.

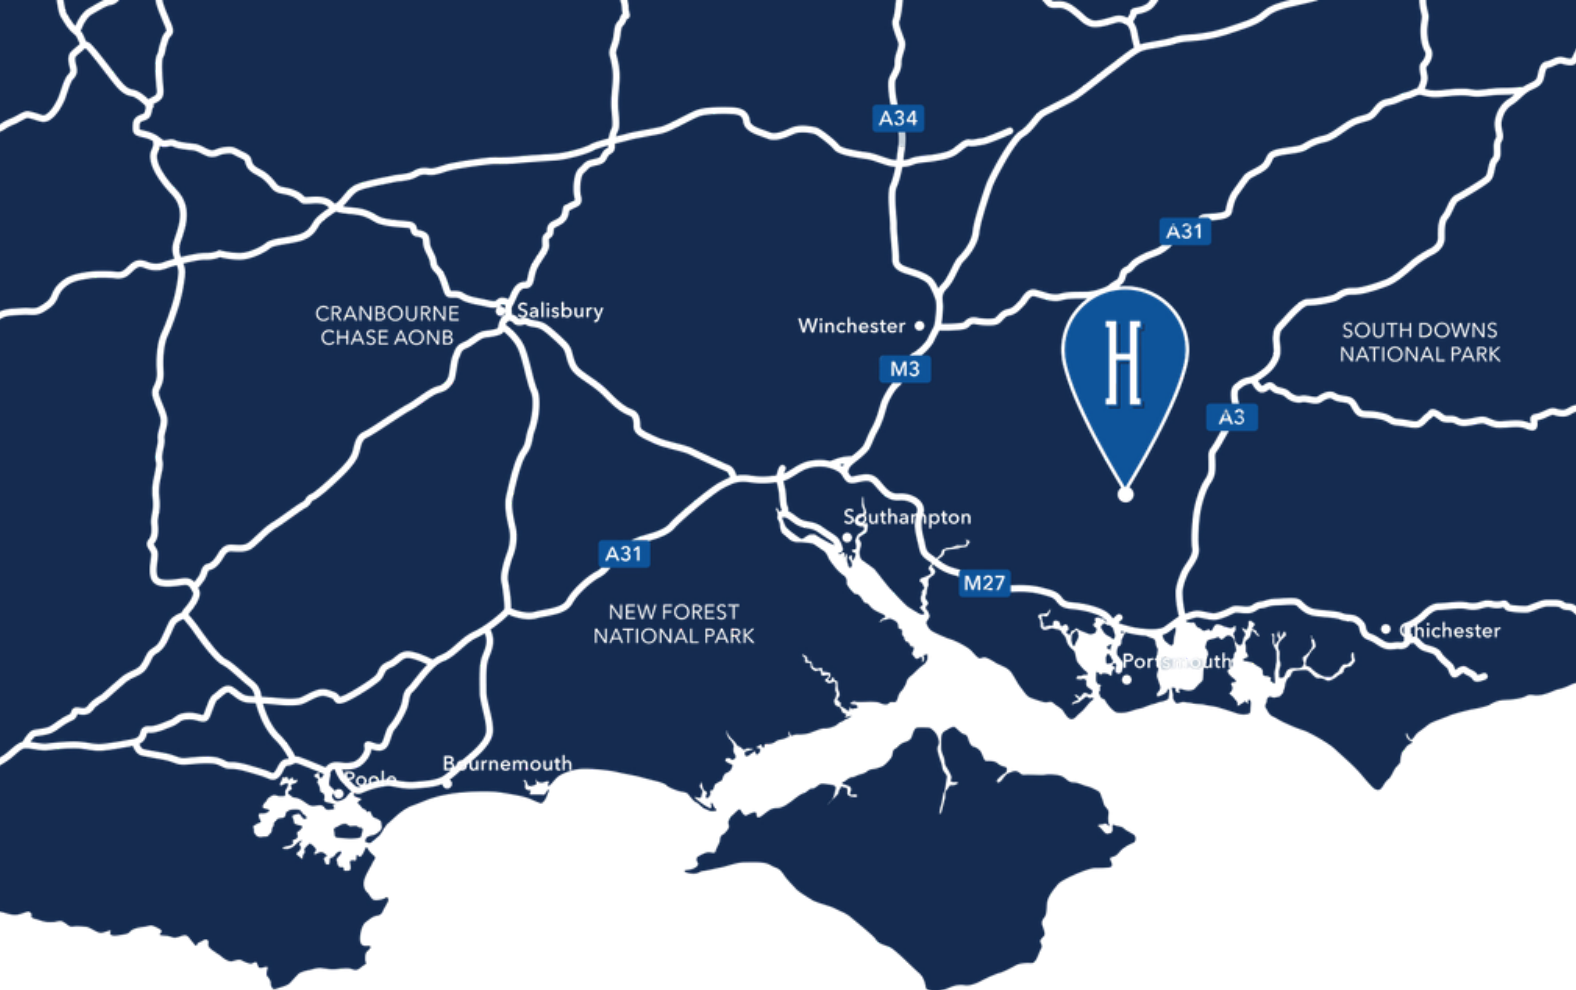

DINING

Every dish is a celebration of the passionate people behind the ingredients and flavours, from the fields, woodland and coasts, from every corner of the British Isles. With vibrant, fresh produce at the heart of the menus that we develop, led by what's at its best now- we aim to create a truly unforgettable experience for our guests, no matter what the occasion.
